

RE: Letter of Recommendation for Grant Baldwin

Grant Baldwin presented as the keynote speaker at the Wisconsin DECA State Career Development Conference on March 17, 2009 to an audience of 1200 high school DECA members and their advisors. He also presented two leadership credential workshops to over 200 students on March 18, 2009.

During the time leading up to the conference I had the opportunity to work closely with Grant in creating the perfect message for our state delegation. I found Grant easy to work with and had lots of ideas for improving our conference and connecting with our membership.

Grant Baldwin's overall performance was professional. He embodied what it means to be a keynote speaker and engaged our students through the leadership sessions. WI DECA would work with Grant Baldwin again in the future.

Sincerely,

A handwritten signature in black ink that reads "Sara Baird".

Sara Baird

WI DECA State Advisor
